

Package Detail	
Package No.	BRWTP-G14
Package Description	Provision of Passengar Convenience Facilities including Furniture and Interior in 13 launch ghat at Bhairab, Alubazar, Hizla, Lahathat, Ilisha (Bhola), Monpura, Beduria (Banker Hat), Daulatkhan, Tojumuddin, Moju Chowdhury, Motirhat, Boddarhat & Tomuruddin.

e-Tender Submission Letter (Form e-PG3 1)

<p>Table Name :</p>	
Description	Tenderer's Response
<p>We, the undersigned, offer to supply the Goods and related Services in conformity with the Conditions of Contract and associated Contract documents and e-TD. In signing this letter in the form of e-Signature/Digital Signature (by clicking on a Final Submission button, Tenderer is signing this e-Tender submission document), and in submission of our e-Tender, we also confirm that: a) Our Tender shall be valid for the period stated in the Tender Data Sheet and it shall remain binding upon us and may be accepted at any time before the expiration of that period. b) If our Tender is accepted, we commit to furnishing a Performance Security in the amount stated in the Tender Data Sheet in the form stated in Tender Data Sheet and valid for a period of 28 days beyond the date of completion of our performance obligations. c) We have examined and have no reservations to the e-TD including Addendum issued in accordance with the instructions to Tenderer. d) We, declare that we are not associated, nor have been associated in the past, directly or indirectly, with a consultant or any other entity that has prepared the design, specifications and other documents. e) We, including any manufacturer or subcontractor for any part of the contract have or will have nationalities from eligible countries, in accordance with ITT 5.1. f) We, our affiliates or subsidiaries, including any of our manufacturer or subcontractors for any part of the contract, have not been declared ineligible by the Government of Bangladesh or the Development Partner, under the laws of Bangladesh or official regulations or by an act of compliance with a decision of the United Nations Security Council on charges of engaging in corrupt, fraudulent, collusive, coercive or obstructive practices in accordance with ITT sub-clause 5.7. g) Furthermore, we are aware of ITT concerning such practices and pledge not to indulge in such practices in competing for or in executing the Contract. h) We, confirm that we do not have a record of poor performance as stated in ITT sub-clause 5.8, and that we do not have, or have had, any litigation against us, other than that stated in the Tenderer Information (e-PG3-2) i) We, confirm that we do not have a record of insolvency, receivership, bankrupt or being wound up, our business activities were not been suspended, and it was not been the subject of legal proceedings in accordance with ITT sub-clause 5.9. j) We, confirm that we have fulfilled our obligations to pay taxes and social security contributions applicable under the relevant national laws and regulations of Bangladesh in accordance with ITT sub-clause 5.10 k) We, including any manufacturer or subcontractor for any part of the contract, do not have any conflict of interest in accordance with ITT sub-clause 5.6. l) We understand that your Notification of Award through e-GP system shall become a binding Contract between us, until a formal Contract is prepared and executed. m) We understand that you reserve the right to accept or reject any Tender, to cancel the Tender proceedings, or to reject all Tenders, without incurring any liability to Tenderers., n) The total price of our Tender is mentioned in the summary of Price Schedules as auto generated by the e-GP system</p>	
<p>Attachment 1: Scanned copy of written confirmation authorising the above signatory to submit the Tenderer, in accordance with ITT Sub-Clause 35.4.</p>	

Tenderer Information Form (e-PG3-2)

<p>Tenderer's profile information will come from the e-GP System.</p>	
<p>A. Individual Tenderers</p>	
<p>Table Name : 1. Litigation History:</p>	
<p>Litigation history shall comply with the requirement as specified in ITT 16.1(b)</p>	
<p>Description (to be filled by Tenderer)</p>	

Table Name : 2. Qualification Information of the Tenderer:

Description	Tenderer's Response
2.1 Number of years of general experience of the Tenderer in the supply of goods and related services as stated under ITT Sub-Clause 15.1(a):	
2.2 Number of completed supply contracts in the supply of similar goods and related services of required value within the period as stated under ITT Sub-Clause 15.1(b):	
a) Number of Contracts:	
b) Value of the Contracts:	
c) Period of the Contract:	
2.3 The supply and/or production capacity of Goods, if applicable, as stated under ITT Sub-Clause 15.1.(c)	
2.4 Availability of liquid assets i.e. working capital or credit line(s) from any Scheduled Bank, net of other contractual commitments as stated under ITT Clause 16.1(b)	

Technical Specifications and Compliance of Goods and related services (Form e-PG3-4)

Notes on Technical Specifications:

Note 1:

[The PE shall follow the Rule 29 of Public Procurement Rule, 2008 while preparing the Technical Specifications of the Goods]

[A set of precise and clear specifications is a prerequisite for Tenderes to respond realistically and competitively to the requirements of the PE. In the context of Competitive Tender, the specifications must be prepared to permit the widest possible competition and, at the same time, present a clear statement of the required standards of workmanship, materials, and performance of the goods and services to be procured. Only if this is done will the objectives of transparency, equity, efficiency, fairness and economy in procurement be realized, responsiveness of Tenders be ensured, and the subsequent task of Tender evaluation and post-qualification facilitated. The specifications should require that all items, materials and accessories to be included or incorporated in the goods be new, unused, and of the most recent or current models, and that they include or incorporate all recent improvements in design and materials]

Note 2:

[The PE must explain in clear terms the exact Technical Specification and any relevant National or International Standards which have to be followed for the manufacture and supply of the goods or related services. Technical Specifications shall specify what inspection and/or tests the PE requires and where they are to be conducted]

Note 3:

Keep the same Item no. in price schedule and technical specification form.

Technical Specifications and Compliance of Goods and related services (Form e-PG3-4) LG Laharhat

Notes on Technical Specifications:

Note 1:

[The PE shall follow the Rule 29 of Public Procurement Rule, 2008 while preparing the Technical Specifications of the Goods]

[A set of precise and clear specifications is a prerequisite for Tenderes to respond realistically and competitively to the requirements of the PE. In the context of Competitive Tender, the specifications must be prepared to permit the widest possible competition and, at the same time, present a clear statement of the required standards of workmanship, materials, and performance of the goods and services to be procured. Only if this is done will the objectives of transparency, equity, efficiency, fairness and economy in procurement be realized, responsiveness of Tenders be ensured, and the subsequent task of Tender evaluation and post-qualification facilitated. The specifications should require that all items, materials and accessories to be included or incorporated in the goods be new, unused, and of the most recent or current models, and that they include or incorporate all recent improvements in design and materials]

Note 2:

[The PE must explain in clear terms the exact Technical Specification and any relevant National or International Standards which have to be followed for the manufacture and supply of the goods or related services. Technical Specifications shall specify what inspection and/or tests the PE requires and where they are to be conducted]

Note 3:

Keep the same Item no. in price schedule and technical specification form.

**Table
Name :**

Item No.	Name of Goods	Detailed Technical Specification and Standards required	Inspection and/or tests required and test place	Country of Origin	Make, and Model or Brand (when applicable)	Full Detailed Technical Specifications and Standards offered
1	Handle Chair	"Handle Chair: Supply fitting and fixing of fixed type Visitor chair produce by 30mm dia 1.2mm thick cold rolled Mild Steel with PVC stopper. 50mm thick Foam cousin seat and back pasted on 12mm ply wood and covered with high quality Rexene upholstery. All surface of Mild Steel Zinc Phosphate coated and oven backed powder paint finish as per design. Height: Floor to Seat ?430mm, & Floor to Back ?770mm. Size: Seat ? 450mm x 460mm, Back ? 430mm x 460mm . Brand/model: To be specified by the bidder."	Inspected by technical committee member			
2	Swivel Chair	"Swivel Chair - Made from imported high quality nylon base High quality fabric upholstery with soft and durable cushioning. Fabric can be selected from available options Cutting and bending are done by latest CNC machine with 99.99 accuracy Please refer to images for dimension details Imported high quality hardware fittings Indoor use only SIZE : L-580 X W-620 X SH460-575 X BH-590 mm.Brand/model: To be specified by the bidder."	Inspected by technical committee member			
3	Double Sofa	Double Sofa: Supply fitting and fixing High quality two seated sofa .Made from Kiln-dried impoted Beech veneered engineered wood.High quality environment friendly ultra violet (UV)and polyurethane (PU)Lacquer in antique finish.Fabric can be dry cleaned. Brand/model: To be specified by the bidder.	Inspected by technical committee member			
4	Center Table	Center Table: Made from Kiln-dried imported beech veneered engineered wood.High quality enviroment friendly ultra violet (UV) and Polyurethane (PU)Lacquer in antique (Outside) and natural (Inside)finish. Size L900X W600X H370mm.Brand/model: To be specified by the bidder.	Inspected by technical committee member			
5	Corner Table	Corner Table : ,Made from Kiln-dried imported beech wood and veneered engineered wood.High quality environment friendly ultra violet (UV) and potyurethane	Inspected by technical committee member			

		(PU)Lacquer in antique finish.It looks like two pyramids have been turned upside down. Size L450XW450XH530 mm.Material and wood finish(Color).Brand/model: To be specified by the bidder.				
6	Handle Chair	" Handle Chair: Supply fitting and fixing of fixed type Visitor chair produce by 30mm dia 1.2mm thick cold rolled Mild Steel with PVC stopper. 50mm thick Foam cousin seat and back pasted on 12mm ply wood and covered with high quality Rexene upholstery. All surface of Mild Steel Zinc Phosphate coated and oven backed powder paint finish as per design. Height: Floor to Seat ?430mm, & Floor to Back ?770mm. Size: Seat ? 450mm x 460mm, Back ? 430mm x 460mm . Brand/model: To be specified by the bidder."	Inspected by technical committee member			
7	Executive Table	Office room Executive Table: ? Using mature high density solid wood & international quality standard process wood which ensure heavy load bearing capacity.? Termite & Crack Proof: EMC level maintained kiln seasoned and chemically treated wood.? Wood coating chemicals supply from international the most innovative and highest quality finishes for wood coating SAYERLACK one of the largest producer of wood coating? Smooth and high glossy gorgeous color state of art sprays lacquer finishing.? Knock down system by using Housing, Dowel, T-nut, JRN nut, Wood Pin.? ◆ 50 mm & 1.2mm thickness round SS tube structure For Top Support With Tig Welding & Polish.? Wood & Plywood Thickness-18mm .? Over all Top Thickness-36mm & top board thickness 18mm.? Pannel & side thick 50mm. Table size:1675 x 830 x 760.Fixed Drawer with Best quality lock and handle use 3 ss nob in to the drawer with PVC stopper Drawer. Central lock system in drawer. Size:400 x 475 x 700? Side Rack (One Drawer, one door, open shelve, one key board tray & one shelve for using CPU) with Best quality lock and handle use in to the drawer & door with PVC stopper. ? Door are sets on high quality smooth running MS Hinge ,Chanel ,SS Knob & lock System will safeguard your valuable and important documents. Size:1220 X 400 X 650mm.Brand/model: To be specified by the bidder.	Inspected by technical committee member			

8	Laptop	"Laptop:Processor: Intel Core i7, Gen: Latest RAM: 16GB DDR5 4800MHz, Storage: 1TB M.2 2280 PCIe NVMe SSD Graphics: GeForce RTX 4060 8GB GDDR6, Boost Clock 2010MHz Brand/model: To be specified by the bidder. Technical Specifications and Compliance of Goods and related services (Form e-PG3-4) LG Bhairab

Notes on Technical Specifications:

Note 1:

[The PE shall follow the Rule 29 of Public Procurement Rule, 2008 while preparing the Technical Specifications of the Goods]

[A set of precise and clear specifications is a prerequisite for Tenderes to respond realistically and competitively to the requirements of the PE. In the context of Competitive Tender, the specifications must be prepared to permit the widest possible competition and, at the same time, present a clear statement of the required standards of workmanship, materials, and performance of the goods and services to be procured. Only if this is done will the objectives of transparency, equity, efficiency, fairness and economy in procurement be realized, responsiveness of Tenders be ensured, and the subsequent task of Tender evaluation and post-qualification facilitated. The specifications should require that all items, materials and accessories to be included or incorporated in the goods be new, unused, and of the most recent or current models, and that they include or incorporate all recent improvements in design and materials]

Note 2:

[The PE must explain in clear terms the exact Technical Specification and any relevant National or International Standards which have to be followed for the manufacture and supply of the goods or related services. Technical Specifications shall specify what inspection and/or tests the PE requires and where they are to be conducted]

Note 3:

Keep the same Item no. in price schedule and technical specification form.

Table Name :						
Item No.	Name of Goods	Detailed Technical Specification and Standards required	Inspection and/or tests required and test place	Country of Origin	Make, and Model or Brand (when applicable)	Full Detailed Technical Specifications and Standards offered
1	Handle Chair	" Handle Chair: Supply fitting and fixing of fixed type high quality Visitor chair produce by 30mm dia 1.2mm thick cold rolled Mild Steel with PVC stopper. 50mm thick Foam cousin seat and back pasted on 12mm ply wood and covered with high quality Rexene upholstery. All surface of Mild Steel Zinc Phosphate coated and oven backed powder paint finish as per design. Height: Floor to Seat ?430mm, & Floor to Back ?770mm. Size: Seat ? 450mm x 460mm, Back ? 430mm x 460mm . Brand/model: To be specified by the bidder."	Inspected by technical committee member			
2	Swivel Chair	Swivel Chair - Made from imported high quality nylon base High quality fabric upholstery with soft and durable cushioning. Fabric can be selected from available options Cutting and bending are done by latest CNC machine with 99.99% accuracy Please refer to images for dimension details Imported high quality hardware fittings Indoor use only SIZE : L-580 X W-620 X SH460-575 X BH-590 mm.Brand/model: To be specified by the bidder.	Inspected by technical committee member

Technical Specifications and Compliance of Goods and related services (Form e-PG3-4) LG Bankerhat

Notes on Technical Specifications:

Note 1:

[The PE shall follow the Rule 29 of Public Procurement Rule, 2008 while preparing the Technical Specifications of the Goods]

[A set of precise and clear specifications is a prerequisite for Tenderes to respond realistically and competitively to the requirements of the PE. In the context of Competitive Tender, the specifications must be prepared to permit the widest possible competition and, at the same time, present a clear statement of the required standards of workmanship, materials, and performance of the goods and services to be procured. Only if this is done will the objectives of transparency, equity, efficiency, fairness and economy in procurement be realized, responsiveness of Tenders be ensured, and the subsequent task of Tender evaluation and post-qualification facilitated. The specifications should require that all items, materials and accessories to be included or incorporated in the goods be new, unused, and of the most recent or current models, and that they include or incorporate all recent improvements in design and materials]

Note 2:

[The PE must explain in clear terms the exact Technical Specification and any relevant National or International Standards which have to be followed for the manufacture and supply of the goods or related services. Technical Specifications shall specify what inspection and/or tests the PE requires and where they are to be conducted]

Note 3:

Keep the same Item no. in price schedule and technical specification form.

Table Name :						
Item No.	Name of Goods	Detailed Technical Specification and Standards required	Inspection and/or tests required and test place	Country of Origin	Make, and Model or Brand (when applicable)	Full Detailed Technical Specifications and Standards offered
1	Handle Chair	" Handle Chair: Supply fitting and fixing of fixed type high quality Visitor chair produce by 30mm dia 1.2mm thick cold rolled Mild Steel with PVC stopper. 50mm thick Foam cousin seat and back pasted on 12mm ply wood and covered with high quality Rexene upholstery. All surface of Mild Steel Zinc Phosphate coated and oven backed powder paint finish as per design. Height: Floor to Seat ? 430mm, & Floor to Back ? 770mm. Size: Seat ? 450mm x 460mm, Back ? 430mm x 460mm . Brand/model: To be specified by the bidder."	Inspected by technical committee member			
2	Swivel Chair	Swivel Chair: -Made from imported high quality nylon baseHigh quality fabric upholstery with soft and durable cushioning. Fabric can be selected from available options Cutting and bending are done by latest CNC	Inspected by technical committee member			

		<p>machine with 99.99% accuracy Please refer to images for dimension details Imported high quality hardware fittings Indoor use only SIZE : L-580 X W-620 X SH460-575 X BH-590 mm.Brand/model: To be specified by the bidder.</p>				
3	Executive Table	<p>Executive Table: ? Using mature high density solid wood & international quality standard process wood which ensure heavy load bearing capacity.? Termite & Crack Proof: EMC level maintained kiln seasoned and chemically treated wood.? Wood coating chemicals supply from international the most innovative and highest quality finishes for wood coating SAYERLACK one of the largest producer of wood coating? Smooth and high glossy gorgeous color state of art sprays lacquer finishing.? Knock down system by using Housing, Dowel, T-nut, JRN nut, Wood Pin.? ◆ 50 mm & 1.2mm thickness round SS tube structure For Top Support With Tig Welding & Polish.? Wood & Plywood Thickness-18mm .? Over all Top Thickness-36mm & top board thickness 18mm.? Pannel & side thick 50mm. Table size:1675 x 830 x 760. Fixed Drawer with Best quality lock and handle use 3 ss nob in to the drawer with PVC stopper Drawer. Central lock system in drawer. Size:400 x 475 x 700 ? Side Rack (One Drawer, one door, open shelve, one key board tray & one shelve for using CPU) with Best quality lock and handle use in to the drawer & door with PVC stopper. ? Door are sets on high quality smooth running MS Hinge ,Chanel ,SS Knob & lock System will safeguard your valuable and important documents. Size:1220 X 400 X 650mm.Brand/model: To be specified by the bidder.</p>	Inspected by technical committee member	<input type="text"/>	<input type="text"/>	<input type="text"/>
4	2 Seated Sofa	<p>2 seated Sofa: Supply fitting and fixing two seated sofa .Made from Kiln-dried impoted Beech veneered engineered wood.High quality environment friendly ultra violet (UV)and polyurethane (PU)Lacquer in antique finish.Fabric can be dry cleaned.Size L 1660mmxH1000mm. Technical Specifications and Compliance of Goods and related services (Form e-PG3-4) LG Tojumuddin

Notes on Technical Specifications:

Note 1:

[The PE shall follow the Rule 29 of Public Procurement Rule, 2008 while preparing the Technical Specifications of the Goods]

[A set of precise and clear specifications is a prerequisite for Tenderes to respond realistically and competitively to the requirements of the PE. In the context of Competitive Tender, the specifications must be prepared to permit the widest possible competition and, at the same time, present a clear statement of the required standards of workmanship, materials, and performance of the goods and services to be procured. Only if this is done will the objectives of transparency, equity, efficiency, fairness and economy in procurement be realized, responsiveness of Tenders be ensured, and the subsequent task of Tender evaluation and post-qualification facilitated. The specifications should require that all items, materials and accessories to be included or incorporated in the goods be new, unused, and of the most recent or current models, and that they include or incorporate all recent improvements in design and materials]

Note 2:

[The PE must explain in clear terms the exact Technical Specification and any relevant National or International Standards which have to be followed for the manufacture and supply of the goods or related services. Technical Specifications shall specify what inspection and/or tests the PE requires and where they are to be conducted]

Note 3:

Keep the same Item no. in price schedule and technical specification form.

Technical Specifications and Compliance of Goods and related services (Form e-PG3-4) LG Tomuruddin

Notes on Technical Specifications:

Note 1:

[The PE shall follow the Rule 29 of Public Procurement Rule, 2008 while preparing the Technical Specifications of the Goods]

[A set of precise and clear specifications is a prerequisite for Tenderes to respond realistically and competitively to the requirements of the PE. In the context of Competitive Tender, the specifications must be prepared to permit the widest possible competition and, at the same time, present a clear statement of the required standards of workmanship, materials, and performance of the goods and services to be procured. Only if this is done will the objectives of transparency, equity, efficiency, fairness and economy in procurement be realized, responsiveness of Tenders be ensured, and the subsequent task of Tender evaluation and post-qualification facilitated. The specifications should require that all items, materials and accessories to be included or incorporated in the goods be new, unused, and of the most recent or current models, and that they include or incorporate all recent improvements in design and materials]

Note 2:

[The PE must explain in clear terms the exact Technical Specification and any relevant National or International Standards which have to be followed for the manufacture and supply of the goods or related services. Technical Specifications shall specify what inspection and/or tests the PE requires and where they are to be conducted]

Note 3:

Keep the same Item no. in price schedule and technical specification form.

Table Name :						
Item No.	Name of Goods	Detailed Technical Specification and Standards required	Inspection and/or tests required and test place	Country of Origin	Make, and Model or Brand (when applicable)	Full Detailed Technical Specifications and Standards offered
1	Handle Chair	" Handle Chair: Supply fitting and fixing of fixed type high quality Visitor chair produce by 30mm dia 1.2mm thick cold rolled Mild Steel with PVC stopper. 50mm thick Foam cousin seat and back pasted on 12mm ply wood and covered with high quality Rexene upholstery. All surface of Mild Steel Zinc Phosphate coated and oven backed powder paint finish as per design. Height: Floor to Seat ?430mm, & Floor to Back ? 770mm. Size: Seat ? 450mm x 460mm, Back ? 430mm x 460mm . Brand/model: To be specified by the bidder."	Inspected by technical committee member			
2	Swivel Chair	Swivel Chair - Made from imported high quality nylon base High quality fabric upholstery with soft and durable cushioning. Fabric can be selected from available options Cutting and bending are done by latest CNC machine with 99.99% accuracy Please refer to images for dimension details Imported high quality hardware fittings Indoor use only SIZE : L-580 X W-620 X SH460-575 X BH-590 mm.Brand/model: To be specified by the bidder.	Inspected by technical committee member			
3	Executive Table	Executive Table: ? Using mature high density solid wood & international quality standard process wood which ensure heavy load bearing capacity.?	Inspected by technical committee member			

		<p>Termite & Crack Proof: EMC level maintained kiln seasoned and chemically treated wood.? Wood coating chemicals supply from international the most innovative and highest quality finishes for wood coating SAYERLACK one of the largest producer of wood coating? Smooth and high glossy gorgeous color state of art sprays lacquer finishing.? Knock down system by using Housing, Dowel, T-nut, JRN nut, Wood Pin.? ◆ 50 mm & 1.2mm thickness round SS tube structure For Top Support With Tig Welding & Polish.? Wood & Plywood Thickness-18mm .? Over all Top Thickness-36mm & top board thickness 18mm.? Pannel & side thick 50mm. Table size:1675 x 830 x 760. Fixed Drawer with Best quality lock and handle use 3 ss nob in to the drawer with PVC stopper Drawer. Central lock system in drawer. Size:400 x 475 x 700? Side Rack (One Drawer, one door, open shelve, one key board tray & one shelve for using CPU) with Best quality lock and handle use in to the drawer & door with PVC stopper. ? Door are sets on high quality smooth running MS Hinge ,Chanel ,SS Knob & lock System will safeguard your valuable and important documents. Size:1220 X 400 X 650mm.Brand/model: To be specified by the bidder.</p>				
4	2 seated Sofa	<p>2 seated Sofa: Supply fitting and fixing two seated sofa.Made from Kiln-dried impoted Beech veneered engineered wood.High quality environment friendly ultra violet (UV)and polyurethane (PU)Lacquer in antique finish.Fabric can be dry cleaned. Size L 1660mmxH1000mm.Brand/model: To be specified by the bidder.</p>	Inspected by technical committee member	<input type="text"/>	<input type="text"/>	<input type="text"/>
5	Corner Table	<p>Corner Table : Made from Kiln-dried imported beech wood and veneered engineered wood.High quality environment friendly ultra violet (UV) and potyurethane (PU)Lacquer in antique finish.It looks like two pyramids have been turned upside down.Size L450XW450XH530 mm.Material and wood finish(Color).Brand/model: To be specified by the bidder.</p>	Inspected by technical committee member	<input type="text"/>	<input type="text"/>	<input type="text"/>
